National Library of Estonia

Number of participants in educational activities

Number of educational activities

Recommendation index

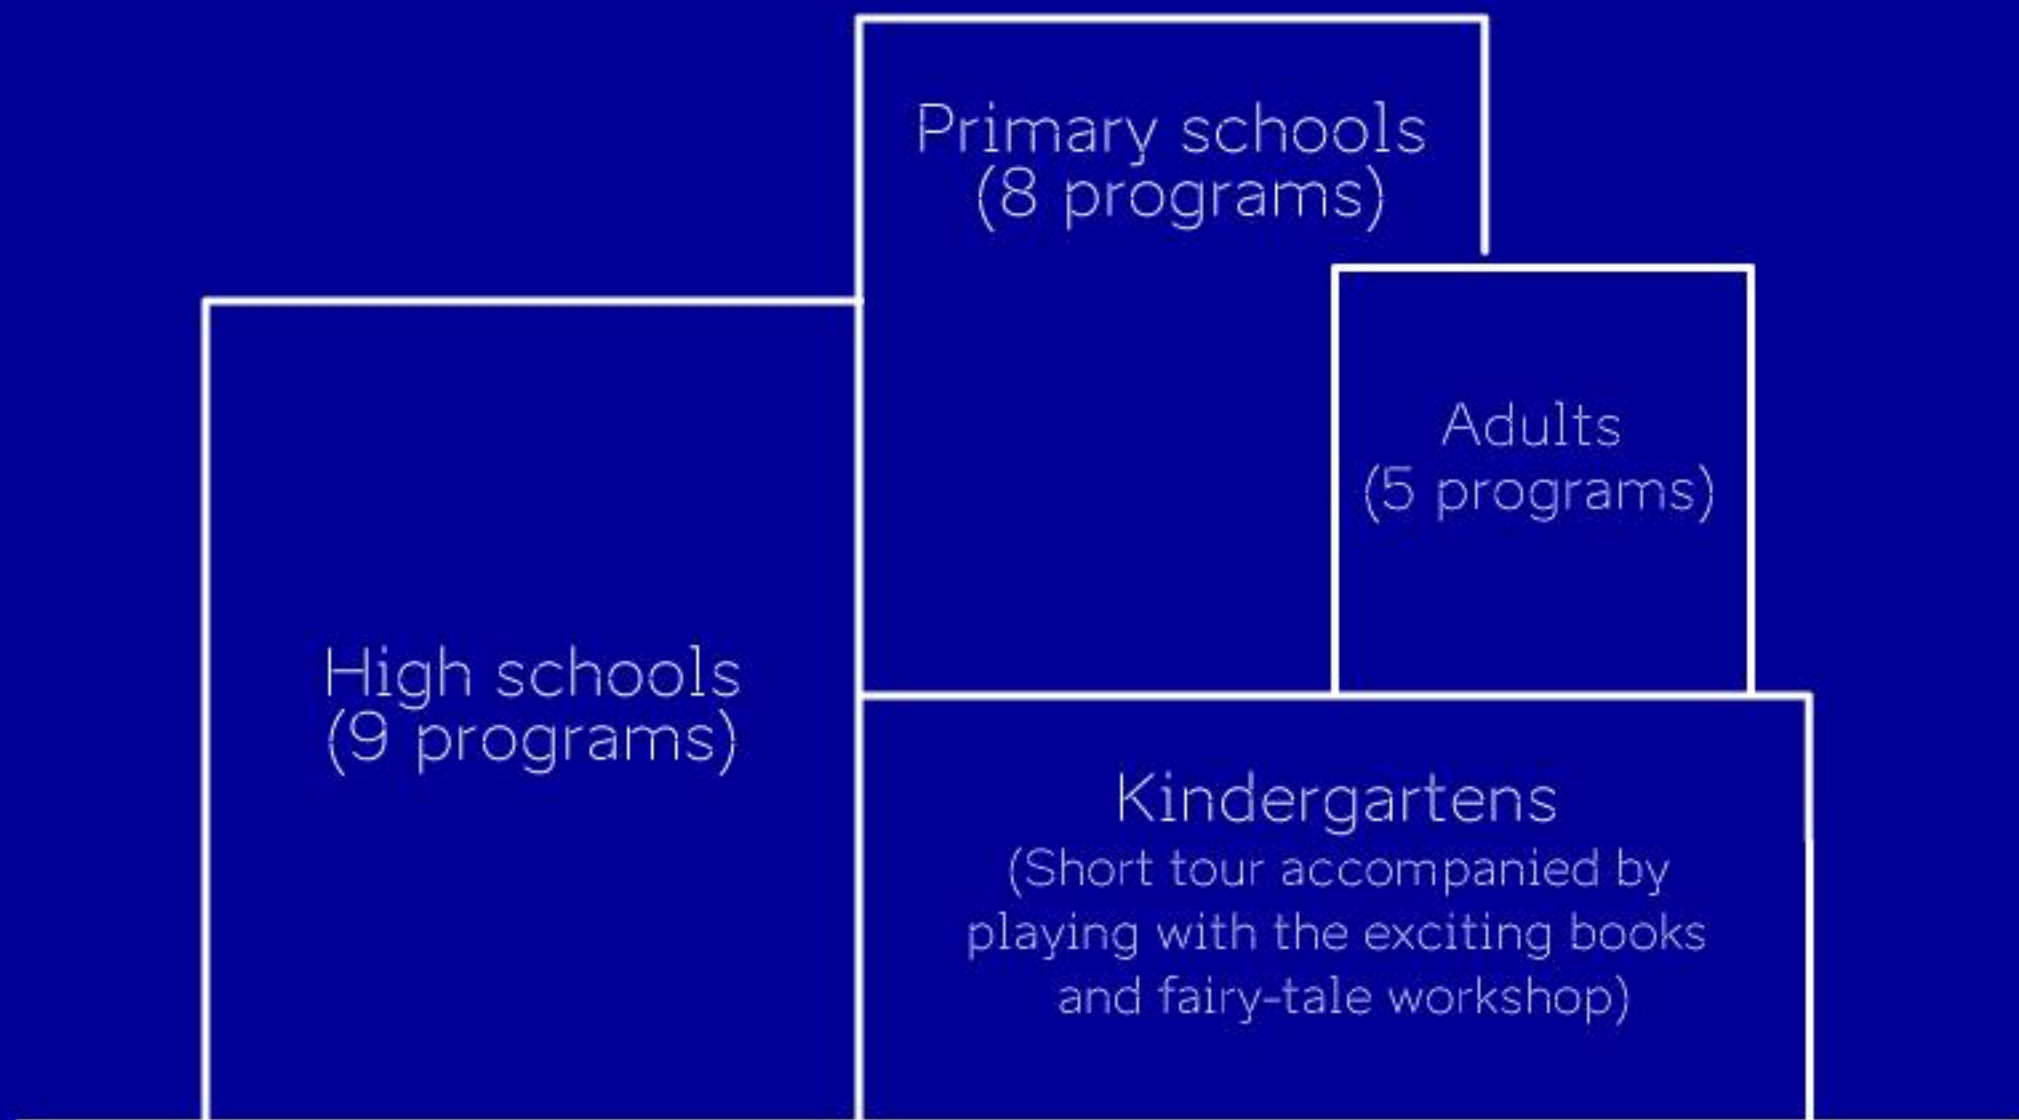

General and thematic excursions

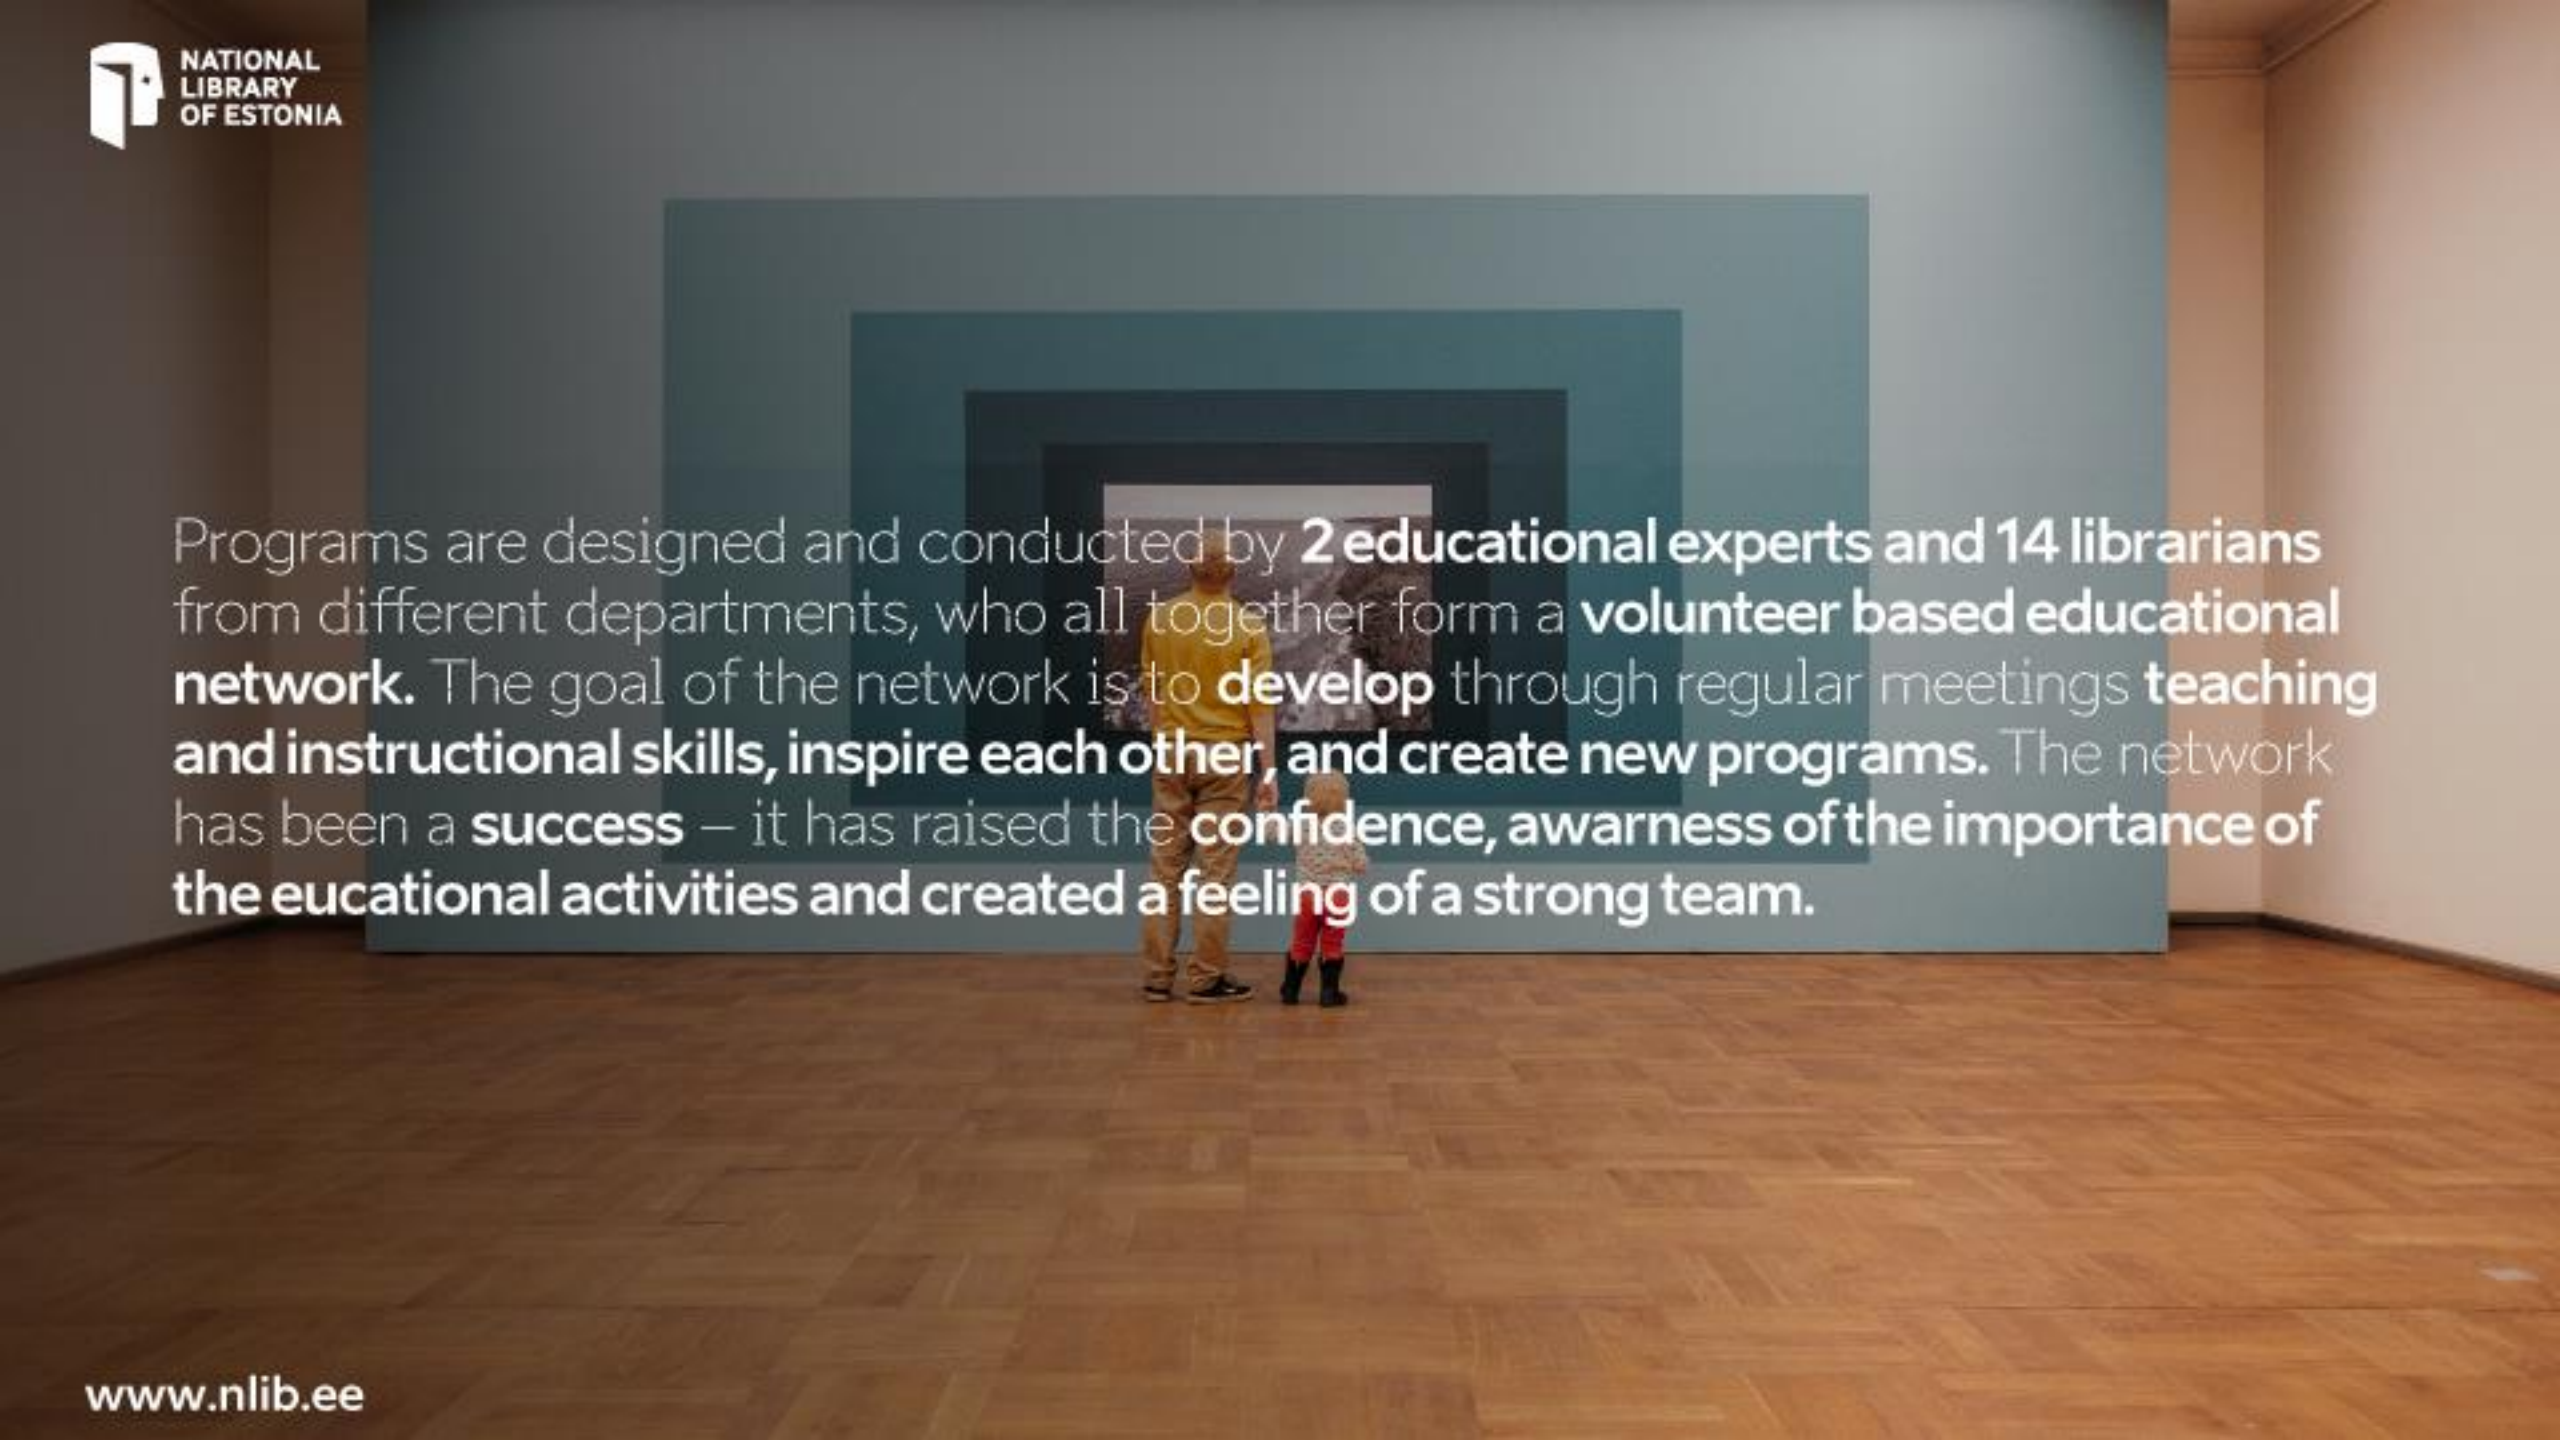

Thematic classes and workshops
which introduce collections and
specific areas

Information literacy workshops

Tours at the exhibitions

Amusement programs, e.g. Escape rooms

Programs are designed and conducted by **2 educational experts and 14 librarians** from different departments, who all together form a **volunteer based educational network**. The goal of the network is to **develop** through regular meetings **teaching and instructional skills, inspire each other, and create new programs**. The network has been a **success** – it has raised the **confidence, awarness of the importance of the eucational activities and created a feeling of a strong team**.
